updates the penalty section in the laws governing vital statistics to be compliant with current statutes.

Committee Amendment "A" (H-783)

This amendment adds a provision to the bill to allow inspection of vital records by and issuance of noncertified copies of vital records to persons doing genealogical research who hold researcher identification cards. It directs the Department of Health and Human Services to adopt routine technical rules to implement the provision. The amendment also adds an appropriations and allocations section.

Enacted Law Summary

Public Law 2009, chapter 601 changes the name of the Department of Health and Human Services, Office of Health Data and Program Management to the Office of Data, Research and Vital Statistics. The law enables the Office of Data, Research and Vital Statistics to establish a system for the electronic filing of death certificates. The law acknowledges the change in name of the Veterans Administration Center at Togus to the United States Department of Veterans Affairs at Togus. The law shortens the time period in which a vital record may be corrected or completed from one year to 90 days. The law enables the State Registrar of Vital Statistics to appoint subregistrars. The law allows a disposition of human remains permit to be issued for a fetus regardless of gestational age. The law enables the State Registrar of Vital Statistics to change the design of forms for adult adoptee access to records without using the rule-making process. The law authorizes the Chief Medical Examiner within the Department of the Attorney General to designate individuals to execute supplemental certificates of death as regards time, date, place and circumstances of death, while reserving to the medical examiner responsibility for determining the cause and manner of death in medical examiner cases. The law updates the penalty section in the laws governing vital statistics to be compliant with current statutes. The law allows inspection of vital records by and issuance of noncertified copies of vital records to persons doing genealogical research who hold researcher identification cards. The law directs the Department of Health and Human Services to adopt routine technical rules to implement the law.

CONNOR COURTNEY	OTP-AM MAJ ONTP MIN	

This resolve proposes bonding for dental and oral health purposes. The funds provided by the bond issue in Part A, in the amount of \$7,000,000, will be awarded on a competitive basis, \$5,000,000 to be used for a community-based teaching clinic affiliated with or operated by a college of dental medicine and \$2,000,000 to be used to upgrade community-based health care clinics across the State to increase their capacity. Part B establishes a regular monitoring requirement regarding grant recipients. Part C establishes a committee to award the funds. Part D makes Part B and Part C contingent on passage of the General Fund bond issue. This resolve did not pass. But see LD 1826 Parts D, E, F and G on bond issues to go to statewide vote in 2010.
