LD 104 An Act Regarding Audits of State Agency Expenditures To Recover Overpayments and Lost Discounts

**PUBLIC 21
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LANGLEY	OTP-AM	S-12

This bill requires the State Controller to contract with one or more consultants to conduct recovery audits of payments made by state agencies to vendors to identify payments made in error and to recommend improvements for state agency accounting. The bill enumerates authorized contract provisions and provides for the handling of confidential information by a contractor. It requires recovery audits of state agencies but allows the State Controller to exempt agencies with a low proportion of expenditures made to vendors. The bill requires agencies to use recovered money to pay the audit consultant responsible for the recovery and to return or expend recovered federal money according to the rules of the federal program through which the agency received the money. It also requires the State Controller to forward the audit reports to the Governor, the State Auditor and the Legislative Council and to issue a summary report to the Legislature on a biennial basis.

Committee Amendment "A" (S-12)

This amendment makes a number of changes to the bill requiring the State Controller to conduct recovery audits.

1. It adds to the definition of "overpayment" a commodity billed at an amount higher than negotiated in a contract or master agreement.
2. It requires recovery audits to be completed at least every 10 years.
3. It removes the exemption from the audit recovery process of a state agency that has a low proportion of its expenditures made to vendors.
