This bill authorizes the establishment of three casinos in the State subject to a competitive bidding process. A successful bidder would win the right to enter into a contract with the State to operate a casino for up to 20 years. A successful bidder is subject to a privilege fee of \$5,000,000 to operate a casino. An existing slot machine operator would also be authorized to enter into a contract with the State to operate a casino at the existing slot machine facility without being subject to the competitive bidding process. The privilege fee for a casino that was an existing slot machine facility is \$3,000,000. As determined by a contract with the State, the state share of net gaming revenue from the casinos would be divided equally among three funds that reimburse municipalities for education, veterans property tax exemptions and homestead property tax exemptions.

This bill was carried over to any special and/or regular session of the 125th Legislature by joint order, H.P. 1190.
