PUBLIC 332

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
EDGECOMB SHERMAN	OTP-AM MAJ ONTP MIN	H-244

LD 228 repeals the laws that govern the development and maintenance of a registry of the properties of residents, lessees and property owners who request that their properties be placed on a registry in order that they receive advance notification of the outdoor application of pesticides. In the absence of such a registry, the current rules of the Department of Agriculture, Food and Rural Resources, Board of Pesticides Control will govern notification requirements in connection with the application of pesticides.

Committee Amendment "A" (H-244)

This amendment adds to the bill a provision that directs the Department of Agriculture, Food and Rural Resources, Board of Pesticides Control to amend its rules governing the process for requesting notification of outdoor applications of pesticides to establish a distance from an aerial application of pesticides within which a person is entitled to receive notification of the application. The rule must further specify that an owner, lessee or other legal occupant of a sensitive area receive notification of aerial applications of pesticides made within 1,000 feet of the sensitive area.
