Joint Standing Committee on Environment and Natural Resources

This resolve requires the Department of Environmental Protection in consultation with the Office of the State Fire Marshal to establish a process for obtaining a single construction permit for aboveground oil storage tanks in gravel pits and quarries that meets the requirements of the Maine Revised Statutes, Title 25, section 2483 and Title 38, sections 490-D and 490-Z.

Committee Amendment "A" (H-67)

This amendment replaces the term "gravel pits," which is a term not used in the laws implemented by the Department of Environmental Protection, with the term "excavations for borrow, clay, top soil or silt." The amendment also clarifies that the permit-by-rule process authorized by the resolve is limited to aboveground oil storage tanks used for the supply of diesel fuel.
