LD 291 **An Act Regarding the Moose Lottery and Moose Management**

PUBLIC 370

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DAVIS THIBODEAU	OTP-AM MAJ OTP-AM MIN	H-598

This bill changes the amount of time a moose hunting permit holder must wait to be eligible for another moose hunting permit from 2 years to 3 years.

Committee Amendment "A" (H-598)

This amendment replaces the bill and does the following:

1. It limits the number of chances a resident may purchase for the moose hunting permit lottery to one and reduces the number of moose hunting permit lottery chances contained in a super pack license from 6 to one;
2. It modifies the point system for the moose hunting permit lottery to improve a person's chances in the lottery the longer that person has stayed in the lottery and has not received a moose hunting permit;
3. As does the bill, it changes the amount of time a moose hunting permit holder must wait to be eligible for another moose hunting permit from 2 years to 3 years;
4. It provides that a person that is ineligible to obtain a moose hunting permit because that person has received a permit within the last 2 years may continue to buy additional chances for the moose hunting permit lottery over that period of ineligibility for the corresponding application fee;
5. It allows a person to indicate on the moose hunting permit application that that person does not want to receive a moose permit for that year but wants to continue to accrue chances in the moose hunting permit lottery;
6. It establishes the Moose Research and Management Fund and moves a provision of existing law regarding funding for moose research to the section of law that establishes the fund;
7. It increases the moose hunting permit fee for nonresidents and aliens from \$484 to \$585 and directs that \$100 from each of these permits be deposited in the Moose Research and Management Fund;
8. It allows an applicant for a moose hunting permit to change that person's subpermittee or alternate subpermittee after the applicant has received a moose hunting permit. Current law requires an applicant for a moose hunting permit to designate that person's subpermittee and alternate subpermittee at the time of the application;
9. It prohibits the sale of the moose hunting permit subpermittee or alternate subpermittee designation and makes a violation of that prohibition a Class E crime; and
10. It adds an appropriations and allocations section.

Committee Amendment "B" (H-599)

This amendment is the minority report and replaces the bill. It does the following:
