**Joint Standing Committee on Agriculture, Conservation and Forestry**

LD 363 exempts fruit and vegetable growers who process and bottle beverages for sale in this State from the laws requiring collection of a deposit on beverage containers. It also directs the Department of Agriculture, Food and Rural Resources to review all state laws and rules pertaining to the production and processing of food and beverages in this State for sale in this State and to develop recommendations to exempt small-scale agricultural producers and food processors from certain laws and rules and reduce the regulatory burdens on those producers and processors. The department is directed to submit legislation to implement its recommendations to the Second Regular Session of the 125th Legislature.

**Committee Amendment "A" (H-346)**

This amendment is the majority report of the Joint Standing Committee on Agriculture, Conservation and Forestry. It exempts apple cider and juice drinks containing 25% or more by volume of juice from wild blueberries from the provisions of the beverage container law in Title 32, chapter 28. It also narrows the scope of the directive to the Department of Agriculture, Food and Rural Resources to review laws and rules for their impact on small-scale food producers and small-scale food processors only. It extends the time period allowed for the department to complete its review. The majority report was not adopted.

LD 366 proposes clarifying in statute that a license is not required of any person who produces and sells milk only on the premises of the producer and seller. It defines "premises" to include a motor vehicle and portable farm stand owned by a producer if sales on these premises are made by that producer or an employee of that producer.

**Committee Amendment "A" (H-194)**

This amendment is the minority report of the Joint Standing Committee on Agriculture, Conservation and Forestry. It establishes criteria for exempting a milk producer from licensing requirements under the Maine Revised Statutes, Title 7, chapter 601. It restricts sales to direct sales to end use consumers on the dairy farm premises and requires the milk container to state that the farm is not inspected or licensed. It also requires a warning to be displayed on the premises when an unlicensed producer is selling unpasteurized milk. It clarifies the existing exemption from licensing under Title 7, chapter 603.

The minority amendment was not adopted.
