125<sup>TH</sup> LEGISLATURE  
SECOND REGULAR SESSION

## LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* summarizes all LDs and adopted amendments and all laws enacted or finally passed during the Second Regular Session of the 125<sup>th</sup> Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

<i>CARRIED OVER</i> .....	<i>carried over to a subsequent session of the Legislature</i>
<i>CON RES XXX</i> .....	<i>chapter # of constitutional resolution passed by both houses</i>

**LD 425 An Act To Stimulate Demand for Renewable Resources**

**ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ROSEN R	ONTP	

This bill was carried over from the First Regular Session of the 125th Legislature.

Current law requires that each competitive electricity provider in this State demonstrate that no less than 30% of its portfolio of supply sources for retail electricity sales in this State is accounted for by eligible resources. This bill amends the definition of "renewable capacity resource" to add waste energy resources. It defines "waste energy resource" as a source of electrical generation that is fueled by municipal solid waste in conjunction with recycling and whose total power capacity does not exceed 35 megawatts. In addition, the waste energy resource is required to meet Maine's air emissions standards for resource recovery facilities and licensing standards for solid waste facilities. It establishes a 3.5% portfolio requirement for electricity from waste energy resources. It allows competitive electricity providers to meet the portfolio requirements for waste energy resources through the use of renewable energy credits or an alternative compliance payment to be set by the Public Utilities Commission.

**LD 935 An Act To Create Fair and Open Competition in Line Extension Construction**

**PUBLIC 484**

GUERIN	OTP-AM MAJ OTP-AM MIN	H-695

This bill was carried over from the First Regular Session of the 125th Legislature.

The bill establishes standards governing transmission and distribution utility line extension practices, including standards for charges for line extensions, limits on cost recovery, standards for charges for make-ready work, customer service requirements and requirements for accounting of line extension construction costs.

In a letter to the Office of Public Advocate, the committee requested that office to convene a stakeholder meeting to discuss the bill and to present proposed amendments during the Second Regular Session.

**Committee Amendment "A" (H-695)**

This amendment is the majority report of the committee. It narrows the scope of the bill to transmission and distribution utilities serving more than 500,000 retail customers. It removes specific requirements for determining costs of line extensions and instead requires the Public Utilities Commission to determine the method to be used by such a utility to estimate the cost of line extensions. This amendment removes the requirement that utilities reimburse ratepayers retroactively to the year 2000 for any costs associated with the construction of a line extension that was recovered through electricity rates. This amendment provides that make-ready work by utilities may be charged to customers taking polyphase service but not to customers taking single-phase service; make ready costs for single-phase service may be recovered in rates. The amendment strikes the customer service requirement and contribution in aid of construction provisions in the bill.

**Committee Amendment "B" (H-696)**
