Joint Standing Committee on Insurance and Financial Services

LD 473 **An Act To Enable Maine Residents To Purchase Health Insurance over State Lines** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HARMON MCCORMICK	ONTP	

This bill permits insurers authorized to transact individual or group health insurance in any state to offer their individual and group health plans for sale in this State if certain requirements of Maine law are met, including minimum capital and surplus and reserve requirements, disclosure and reporting requirements and grievance procedures. It also permits Maine health insurers to offer individual and group health plans of out-of-state parent or subsidiary health insurers if similar requirements are met. If out-of-state health plans are offered for sale in this State, the bill requires that prospective enrollees be provided adequate disclosure in a format approved by the Superintendent of Insurance of how the plans differ from Maine health plans. This bill also requires a person purchasing such insurance to sign a waiver acknowledging that the insurance policy does not necessarily fully adhere to Maine law. The bill includes an effective date of January 1, 2012.

While LD 473 was voted "Ought Not to Pass", a related substantive provision permitting insurers authorized to transact individual health insurance in Connecticut, Massachusetts, New Hampshire or Rhode Island to offer health plans in Maine under certain conditions was included in LD 1333, An Act to Modify Rating Practices for Individual and Small Group Health Plans and to Encourage Value-based Purchasing of Health Care Services. See LD 1333, which was enacted as Public Law 2011, chapter 90.

LD 496 **An Act To Amend the Laws Governing Financial Incentives and Geographic Accessibility of Services Covered by Health Insurance Providers** **ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCKANE THOMAS	ONTP	

This bill removes provisions in current law prohibiting health insurance carriers from applying benefit differentials based on travel and repeals the provision authorizing pilot projects that are exempt from geographic access requirements. In its place, the bill requires health insurance carriers to offer a health plan with financial provisions to encourage use of designated providers that is exempt from geographic access requirements established in current law and in rules adopted by the Department of Professional and Financial Regulation, Bureau of Insurance.

While LD 496 was voted "Ought Not to Pass", a related substantive provision amending the access requirements established in current law and in rules adopted by the Department of Professional and Financial Regulation, Bureau of Insurance was included in LD 1333, An Act to Modify Rating Practices for Individual and Small Group Health Plans and to Encourage Value-based Purchasing of Health Care Services. See LD 1333, which was enacted as Public Law 2011, chapter 90.
