Joint Standing Committee on Health and Human Services

This bill requires the adoption of safety and security plans to protect patients, visitors and employees in hospitals. The plan would require training for employees, a system for reporting, investigation of incidents of violence, a guarantee of the employee's right to seek assistance and treatment, immunity for good faith reporting of incidents and reporting to the Department of Public Safety and from that department to the Department of Health and Human Services. It requires the State Board of Corrections to adopt standards for safety and security plans in correctional facilities and county jails. It also requires annual reporting from the Department of Health and Human Services to the Legislature on reports of violence in hospitals.

Committee Amendment "A" (H-360)

This amendment replaces the bill. It requires a licensed hospital to adopt a safety and security plan on an annual basis and prohibits interference with a person making a report as provided in the plan. It applies the provision to critical access hospitals beginning July 1, 2012 and to all other hospitals beginning January 1, 2012.

Enacted Law Summary

Public Law 2011, chapter 254 requires a licensed hospital to adopt a safety and security plan on an annual basis and prohibits interference with a person making a report as provided in the plan. It applies the provision to critical access hospitals beginning July 1, 2012 and to all other hospitals beginning January 1, 2012.
