ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
RECTOR	ONTP	

This bill was carried over from the First Regular Session of the 125th Legislature.

This bill creates a category of pharmacy services, designated as medication therapy management services, for which pharmacists may charge separately from a charge for the prescription drug or a dispensing fee. The bill defines "medication therapy management services," "qualified pharmacist" and "targeted patient." The bill authorizes the MaineCare program to reimburse for these services if they are found by the Commissioner of Health and Human Services to be cost-effective. The bill requires health insurance carriers to pay for medication therapy management services to targeted patients by qualified pharmacists if the carrier provides coverage for prescription drugs. This bill requires an evaluation by the Commissioner of Health and Human Services of the effect of medication therapy management services by January 1, 2017, and establishes the Medication Therapy Management Advisory Committee to advise the Superintendent of Insurance within the Department of Professional and Financial Regulation on implementation of medication therapy management services.
