<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
STRANG BURGESS CRAVEN	OTP-AM	H-171

This bill requires the Department of Health and Human Services to approve and license substance abuse treatment, child and adult welfare and behavioral health agencies, programs and facilities that receive and maintain accreditation by nationally recognized accrediting bodies. The Department of Health and Human Services is required to include the agency, program or facility on any list of approved and licensed agencies, programs and facilities maintained by the department. Notwithstanding an agency's, program's or facility's maintenance of accreditation, the Department of Health and Human Services may revoke the certificate of approval and remove a substance abuse treatment program or facility from the department's list of approved programs and facilities for failure to provide data, statistics, schedules or other information reasonably required by the department or revoke or modify any agency's, program's or facility's license for findings resulting from the investigation of an incident.

Committee Amendment "A" (H-171)

This amendment replaces the bill, which required the Department of Health and Human Services to approve and license substance abuse treatment, child and adult welfare and behavioral health agencies, programs and facilities accredited by nationally recognized accrediting bodies. The amendment simplifies the process and requires the Department of Health and Human Services to deem in compliance with state licensing rules those entities that receive and maintain accreditation by national accrediting bodies approved by the department. The department may review compliance with applicable accreditation requirements in response to a complaint.

Enacted Law Summary

Public Law 2011, chapter 145 simplifies the process of approving and licensing substance abuse treatment, child and adult welfare and behavioral health agencies by requiring the Department of Health and Human Services to deem in compliance with state licensing rules those entities that receive and maintain accreditation by national accrediting bodies approved by the department. The department may review compliance with applicable accreditation requirements in response to a complaint.
