This bill was carried over from the First Regular Session of the 125th Legislature. CURTIS WHITTEMORE	OTP-AM MAJ OTP-AM MIN	H-774

This bill was carried over from the First Regular Session of the 125th Legislature. The bill amends the law regarding expansion of commercial solid waste disposal facilities and biomedical waste disposal or treatment facilities by authorizing a commercial landfill facility that is not under an order or agreement to close to expand if the proposed expansion is contiguous with the existing facility and is located on property owned by the person holding the commercial solid waste disposal facility license. It clarifies that an expanded facility may not receive a property tax exemption on real or personal property, and it provides that the department may not process or act upon any application until certain conditions are met.

The amendment incorporates provisions that amend the laws governing public benefit determinations by:

1. Clarifying that waste used for daily cover, frost protection or stability must be used in accordance with all applicable rules and licenses;
2. Requiring the applicant instead of the Commissioner of Environmental Protection to provide public notice of the filing of an application for public benefit determination and requiring the Department of Environmental Protection to accept written public comment during the course of processing the application;
3. Requiring the commissioner to hold a public meeting on an application for a public benefit determination. Currently, the commissioner is authorized to hold a public meeting;
4. Defining "immediate," "short-term" and "long-term" for the purpose of determining whether the capacity needs of
