LEGISLATIVE DIGEST OF BILL SUMMARIES AND
ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* summarizes all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 125th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

LD 1264

An Act To Improve the Energy Efficiency of Public Buildings and Create Jobs

HELD BY GOVERNOR

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BARTLETT	OTP-AM	S-244

This bill amends the law to raise energy efficiency standards for public buildings and increases the ability of school units and counties to finance energy-related improvements in public buildings.

Part A raises efficiency standards for state-funded construction.

Part B raises efficiency standards for school construction, involves the Efficiency Maine Trust in the construction project approval process, gives school administrative units increased flexibility in contracting with energy service companies for energy efficiency, load management and distributed renewable energy improvements and makes school administrative units eligible for technical and other assistance from Efficiency Maine Trust in pursuing energy-related improvements.

Part C raises efficiency standards for county buildings and expands counties' ability to contract with energy service companies to achieve energy savings.

Part D raises efficiency standards for municipal buildings.

Part E applies the Maine Municipal Bond Bank's Efficiency Partners Program, which provides loans for efficiency upgrades to municipal and public school buildings, to renewable energy and load management projects.

Committee Amendment "A" (S-244)

This amendment strikes and replaces the bill with the following.

Part A extends existing standards for energy savings design considerations to include cost-effective load management systems.

Part B adds consideration of cost-effective load management systems to existing standards for energy savings design considerations and targets for school construction projects and gives school administrative units increased flexibility in contracting with energy service companies for energy efficiency and load management improvements.

Part C expands counties' ability to contract with energy service companies to include load management systems.

Part D expands the Maine Municipal Bond Bank's Efficiency Partners Program, which provides loans for efficiency upgrades to municipal and public school buildings, to include load management projects and expands the bank's aggregation powers for nonprofits and municipalities to include the services of energy service companies and products vendors.

Enacted Law Summary

This bill was enacted but as of this printing, had not been acted upon by the Governor and, pursuant to Art. IV, Part 3rd, Sec. 2 of the Maine Constitution, currently has no final disposition. The enacted bill provides the following. Part A extends existing standards for energy savings design considerations to include cost-effective load management systems. **LD 1275 Resolve, To Promote Greater Transparency and Accountability through
Regional Transmission Organization Reform**

RESOLVE 68

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HOBBS	OTP-AM	S-225

This bill requires a nonprofit corporation exercising operating or administrative authority over the operation of high-voltage electric transmission facilities within this State to demonstrate that it has an open and transparent governance structure. The bill provides factors the Secretary of State shall consider in evaluating such a showing. The bill requires a corporation exercising operating or administrative authority over the operation of high-voltage electric transmission facilities within this State to include a certification in its annual report that it has an open and transparent governance structure. The bill also provides that a foreign corporation exercising operating or administrative authority over the operation of high-voltage electric transmission facilities within this State must file a certificate signed by a duly authorized officer affirming that the corporation has an open and transparent governance structure designed to protect the public's interest and that it will meet certain criteria in order to obtain authority to carry on its activities in this State. The bill requires that a foreign corporation is not authorized to carry on activities in this State unless the Secretary of State has filed an application for authority by such corporation meeting all the requirements of the Maine Revised Statutes, Title 13-B, section 1202.

Committee Amendment "A" (S-225)

This amendment directs the Public Utilities Commission, the Governor's Office of Energy Independence and Security and the Office of the Public Advocate to confer with comparable agencies in other states that are participants in the regional transmission organization for New England and to develop a plan to pursue transparency and accountability at the regional transmission organization. It requires the Public Utilities Commission, the Governor's Office of Energy Independence and Security and the Office of the Public Advocate develop model governance requirements for a regional transmission organization and formally propose the model to comparable agencies in other states. The commission must report on the progress of these efforts in its annual report for the years 2011, 2012 and 2013.

Enacted Law Summary

Resolve 2011, chapter 68 directs the Public Utilities Commission, the Governor's Office of Energy Independence and Security and the Office of the Public Advocate to confer with comparable agencies in other states that are participants in the regional transmission organization for New England and to develop a plan to pursue transparency and accountability at the regional transmission organization. It requires the Public Utilities Commission, the Governor's Office of Energy Independence and Security and the Office of the Public Advocate develop model governance requirements for a regional transmission organization and formally propose the model to comparable agencies in other states. The commission must report on the progress of these efforts in its annual report for the years 2011, 2012 and 2013.

Also related to transparency at the regional transmission organization for New England, as part of its deliberations on LD 668 of the same legislative session, the committee sent a letter to the Office of Public Advocate requesting
