Joint Standing Committee on Transportation

LD 1330 Resolve, To Expand Commuter and Passenger Rail Transportation in ONTP
Maine

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CHIPMAN CRAVEN	ONTP	

This resolve directs the Northern New England Passenger Rail Authority to establish and convene the Maine Commuter and Passenger Rail Advisory Task Force to evaluate and prioritize investments in commuter and passenger rail service between communities in this State in order to expedite development of efficient commuter rail service as appropriate in the major economic and population centers in this State to reduce costs to the State, its municipalities and its citizens of travel to and from work, business activities and entertainment and recreation activities.

The task force must develop a Maine commuter and passenger rail plan, which must include investment priorities for the establishment of commuter and passenger rail service between communities in this State. The plan must be based on existing studies and analyses that explore the markets and infrastructure and the potential to remove automobile traffic from excessively used roadways. The plan must also provide for the reduction of highway construction and maintenance costs and ways to limit the need for parking facilities as well as reducing road congestion and lessening transportation costs for citizens living in cities in this State.

The Northern New England Passenger Rail Authority must report the findings and the plan of the task force to the Department of Transportation and the Joint Standing Committee on Transportation no later than December 31, 2011. The Joint Standing Committee on Transportation may submit a bill to the Second Regular Session of the 125th Legislature on the subject matter of the report.
