An Act To Evaluate the Harvesting of Timber on Land Taxed under the Maine Tree Growth Tax Law

PUBLIC 619

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
RAYE	OTP-AM MAJ ONTP MIN	S-441

This bill was carried over from the First Regular Session of the 125th Legislature. This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to ensure that future applicants for classification of land under the Maine Tree Growth Tax Law are eligible only if they are actually engaged in harvesting timber and not using the land as a property tax shelter without harvesting.

Committee Amendment "A" (S-441)

This amendment replaces the bill, which was a concept draft, and changes the title. It authorizes the Director of the Bureau of Forestry within the Department of Conservation to conduct periodic random sampling of land enrolled under the Maine Tree Growth Tax Law and assess overall compliance with the law as well as differences in compliance based on property location. It allows the director or the director's designee to examine forest land and review the forest management and harvest plan, or an expired plan, upon request when the director is conducting random sampling. This amendment provides that the information collected is confidential, except that the director is required to publish at least one summary report that does not reveal the activities of any person or business entity and that must be available as a public record. It also requires the director to provide a report that includes findings and recommendations to the joint standing committee of the Legislature having jurisdiction over taxation matters no later than March 1, 2014. This amendment provides that the provision authorizing the random sampling and report is repealed on December 31, 2014.
