Joint Standing Committee on Marine Resources

Committee Amendment "A" (S-156)

The amendment:

1. Adds that the Commissioner of Marine Resources is required to adopt or amend rules to establish the method by which the Department of Marine Resources collects from the holder of a lobster processor license landings records on oversized lobsters harvested outside this State received by that lobster processor; and
2. Repeals the exception to the processing of oversized lobsters harvested outside of this State 90 days after adjournment of the First Regular Session of the 126th Legislature.

Enacted Law Summary

Public Law 2011, chapter 247 allows a wholesale seafood dealer with a lobster permit who also holds a lobster processing license to process legally imported lobsters that do not meet the State's minimum or maximum length requirements as long as the lobsters were not harvested or landed in this State, are legal in the waters from which they were harvested, are not less than the minimum size established in 12 MRSA section 6431, and, except for the claws and knuckles, are not later sold in this State. The Commissioner of Marine Resources is required to adopt or amend rules to establish the method by which the Department of Marine Resources collects from the holder of a lobster processor license landings records on oversized lobsters harvested outside this State received by that lobster processor. The exception to the processing of oversized lobsters harvested outside of this State is repealed 90 days after adjournment of the First Regular Session of the 126th Legislature.

Public Law 2011, chapter 247 was enacted as an emergency measure effective June 7, 2011.

LD 1579

An Act To Amend the Lobster Promotion Council

Carried Over

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SNOWE-MELLO		

LD 1579 revises the structure of the Lobster Promotion Council.

1. Current law requires that the council consist of 3 members from each of the defined districts of the State: the western district, the midcoast district and the eastern district. Current law also requires 3 members to be full-time lobster harvesters who have held valid lobster and crab fishing licenses, 3 members to be lobster dealers or pound operators and 3 members to be public members. This bill instead requires the appointment of at least one member who represents the western district of the State, at least one member who represents the eastern district of the State and up to 7 public members who have professional knowledge or experience in trade, promotion or marketing or other disciplines that the Commissioner of Marine Resources determines would assist in the advancement of the council's objectives. This bill also revises the area that is defined as the western district.
2. It authorizes the commissioner to remove a member for cause or for the violation of a marine resources law or Department of Marine Resources rule.
3. It authorizes the commissioner to vote in case of a tie vote on the council.
4. It requires the council to draw upon the expertise of industries, organizations and persons experienced in marketing and promotion and expands the council's purposes to specifically include identification and promotion of initiatives for the marketing and promotion of lobsters harvested or processed in the State.

Joint Standing Committee on Marine Resources

5. It provides that the terms of the members currently serving on the Lobster Promotion Council expire and directs the commissioner to appoint 9 members to the council within 90 days after the effective date of this bill.
