**Enacted Law Summary**

Public Law 2011, chapter 511 expedites electronic filing of vital records and helps align state law regarding the delayed filing of records with the requirements of the Federal Government. It closes to public inspection applications recording notice of intention to marry for the same time frame that marriage certificates are closed. The names of the persons who intend to marry and the intended date of marriage continue to be public and a researcher engaged in genealogical research with a researcher identification card continues to have access to applications.

**LD 1628**

**An Act To Limit Payment for Care and Treatment of Residents of State Institutions**

**PUBLIC 674**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCCORMICK	OTP-AM MAJ OTP-AM MIN	S-468

This bill limits the amount that a provider may charge the State for medical services provided to a resident of a state institution outside of the state institution. The amount is restricted to the amount established by the rules of the Department of Health and Human Services for the MaineCare program for those services. The bill also removes references to the Homestead facility, which closed in 2007.

**Committee Amendment "A" (S-468)**

This amendment, which is the majority report of the committee, sets a reimbursement rate for medical services provided to a resident of a state institution off the premises of the state institution at the level of Medicare rather than at the rates set by the Department of Health and Human Services for the MaineCare program. It also adds an appropriations and allocations section to the bill.

**Committee Amendment "B" (S-469)**

This amendment, which is the minority report of the committee, limits the amount that the Commissioner of Health and Human Services may pay a provider for medical services provided to a resident of a state institution off the premises of the state institution to the amount payable under insurance, including Medicare, for residents that have insurance; to the amount established by rule by the Department of Health and Human Services under the MaineCare program, divided by 75% for physicians and hospitals other than critical access hospitals; or to the MaineCare rate for all other providers. It also adds an appropriations and allocations section to the bill.

This amendment was not adopted.

**Enacted Law Summary**

Public Law 2011, chapter 674 limits the amount that a provider may charge the State for medical services provided to a resident of a state institution outside of the state institution to the level of Medicare reimbursement.
