- 1. The law clarifies that reimbursement is based on the calendar year in which the claim was incurred, except that the initial claim reimbursement period for the first year of the program is the period beginning July 1, 2012 and ending December 31, 2012.
- 2. The law allows a member insurer to designate a person for reinsurance through the use of claims history, risk scores and other reasonable means, in addition to the use of a health statement. It also allows a member insurer to designate a person for reinsurance in the event the person omitted material information from the health statement or misrepresented the person's health status on the health statement. It clarifies that a person's health statement, claims history or risk scores or the omission of material information from the health statement or misrepresentation of a person's health status may not be used by a carrier as a basis for denying, cancelling or refusing to renew an individual health plan.

- 4. The law clarifies that protected health information obtained by the association that is confidential under federal and state law remains confidential and is not open to public inspection.
