LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* summarizes all LDs and adopted amendments and all laws enacted or finally passed during the Second Regular Session of the 125th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

LD 1799 An Act Regarding the Collection of Fees for Prepaid Wireless Service

PUBLIC 600

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
FITTS	OTP-AM	H-846

This bill establishes a methodology for the determination of the amount of fees imposed on prepaid wireless telecommunications service. Under the bill, the Public Utilities Commission is required to establish by rule the amount of a fee imposed on prepaid wireless telecommunications consumers for contribution to the state universal service fund, if any, and the telecommunications education access fund. The amount of the fee is the result of \$25 multiplied by a percentage determined by the commission by rule.

The bill also reallocates and amends the method of collection of the statewide prepaid wireless E-9-1-1 surcharge levied on prepaid wireless telecommunications service consumers and combines collection of the surcharge with the collection of the fees imposed on prepaid wireless telecommunications consumers for contribution to the state universal service fund and the telecommunications education access fund. The seller of prepaid wireless telecommunications services is required to collect the fees and surcharges from the prepaid wireless consumer for each retail transaction occurring in this State. The amount of the prepaid wireless fee, which is the sum of the 2 fees and the surcharge, must be separately stated on an invoice, receipt or similar document that is provided to the prepaid wireless consumer by the seller, when practicable. The seller is required to remit the fees and surcharges to the State Tax Assessor in the same manner as the sales tax. The State Tax Assessor is required to remit the fees and surcharges to the Public Utilities Commission for disbursement by the commission to the various funds.

Committee Amendment "A" (H-846)

This amendment limits the Public Utilities Commission's adjustment of the amount of fees collected for the state universal service fund and the telecommunications education access fund to not more often than once every 24 months. This amendment establishes a fund at the commission to accept the fees from the State Tax Assessor, and this amendment removes some unnecessary language and makes technical changes. It also adds an appropriations and allocations section.

Enacted Law Summary

Public Law 2011, chapter 600 establishes a methodology for the determination of the amount of fees imposed on prepaid wireless telecommunications service. Under the law, the Public Utilities Commission is required to establish by rule the amount of a fee imposed on prepaid wireless telecommunications consumers for contribution to the state universal service fund, if any, and the telecommunications education access fund. The amount of the fee is the result of \$25 multiplied by a percentage determined by the commission by rule. The law limits the Public Utilities Commission's adjustment of the amount of fees collected for the state universal service fund and the telecommunications education access fund to not more often than once every 24 months.

The law also amends the method of collection of the statewide prepaid wireless E-9-1-1 surcharge levied on prepaid wireless telecommunications service consumers and combines collection of the surcharge with the collection of the fees imposed on prepaid wireless telecommunications consumers for contribution to the state universal service fund
