**DIED ON
ADJOURNMENT**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BURNS DC THIBODEAU	OTP-AM MAJ OTP-AM MIN	H-912

This bill proposes to limit MaineCare reimbursement for methadone for the treatment of addiction to opiates to a lifetime maximum of 24 months, effective January 1, 2013. The bill authorizes reimbursement for longer than 24 months if the Department of Health and Human Services provides prior authorization. The bill proposes to limit services to the clinic closest to the home of the member. The bill requires the department to review the options to restrict transportation services reimbursement for methadone treatment under the MaineCare program to encourage efficient use of transportation services and to discourage and penalize fraud. The review must include a study of limitations based on one-way or round-trip reimbursement and a requirement to use the provider whose office is the closest to the MaineCare member's home. The department is required to report to the joint standing committee of the Legislature having jurisdiction over health and human services matters by December 15, 2012, on the department's findings and recommendations as a result of the review.
