**Resolve, Regarding Legislative Review of Chapter 675: Infrastructure Surcharge and Capital Reserve Accounts, a Major Substantive Rule of the Public Utilities Commission**

**RESOLVE 9  
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM	H-7

This resolve provides for legislative review of Chapter 675: Infrastructure Surcharge and Capital Reserve Accounts, a major substantive rule of the Public Utilities Commission. The major substantive rule sets the requirements and procedures for establishing and monitoring the creation of capital reserve accounts and the use of an infrastructure replacement surcharge by a water utility. Specifically, the rule addresses the maximum amount of funds that can be collected, the authorized uses of the funds and the reporting requirements of water utilities that establish these types of mechanisms to fund infrastructure improvements. These rules were the final product of multi-step process:

1. P.L. 2011, chapter 106 directed the Public Utilities Commission to convene a work group to study the funding of infrastructure improvements for water utilities;
2. On January 15, 2012, the commission submitted a report summarizing the findings of that work group to the Joint Standing Committee on Energy, Utilities and Technology; and
3. In P.L. 2011, chapter 602, the Legislature enacted policies to establish these funding mechanisms and directed the commission to adopt major substantive rules.

**Committee Amendment "A" (H-7)**

This amendment authorizes the adoption of Chapter 675: Infrastructure Surcharge and Capital Reserve Accounts, a major substantive rule of the Public Utilities Commission only if the commission amends the rule to clarify some language regarding the maximum amounts of the infrastructure surcharge, to use consistent terms regarding attributing funds and to provide that the Office of the Public Advocate, the Public Utilities Commission's advisory staff and the water utility can agree in advance of the infrastructure surcharge filing on the current cost of debt and the return on equity and capital structure to be used.

**Enacted Law Summary**

Resolve 2013, chapter 9 authorizes the adoption of Chapter 675: Infrastructure Surcharge and Capital Reserve Accounts, a major substantive rule of the Public Utilities Commission only if the commission amends the rule to clarify language regarding the maximum amounts of the infrastructure surcharge, to use consistent terms regarding attributing funds and to provide that the Office of the Public Advocate, the Public Utilities Commission's advisory staff and the water utility can agree in advance of the infrastructure surcharge filing on the current cost of debt and the return on equity and capital structure to be used.

Resolve 2013, chapter 9 was finally passed as an emergency measure effective April 16, 2013.
