This bill requires the application form for the Circuitbreaker Program to include a method of determining whether the property taxes being claimed have been paid at the time of application to the program. If the State Tax Assessor determines that the property taxes have not been paid, the benefit must be issued to the claimant and the municipality jointly. The municipality is required to endorse the benefit to the claimant but may withhold an amount equal to the amount of property taxes owed for the year for which the benefit is being issued. A municipality may retain an amount in excess of the amount of property taxes owed only with the express written permission of the claimant.
