Joint Standing Committee on Transportation

Committee Amendment "A" (H-24)

This amendment, which strikes and replaces the bill, provides that rules adopted by the Department of Transportation to ensure proper use and prevent abuse of public ways under the jurisdiction of the department are routine technical rules.

In addition, under current law, county commissioners and municipal officers may impose restrictions on gross weight, speed, operation and equipment on public ways within their jurisdictions. The amendment clarifies that restrictions adopted by county commissioners and municipal officers are not rules subject to the Maine Administrative Procedure Act. The amendment also directs the department to include in the definition of "home heating fuel" oil, gas, coal, stove-length wood, propane and wood pellets.
