Joint Standing Committee on Agriculture, Conservation and Forestry

LD 271 An Act To Facilitate the Processing of Livestock That Is Not for Resale

DIED BETWEEN HOUSES

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
JACKSON T	OTP-AM OTP-AM	

This bill removes custom processors, which slaughter livestock or process meat exclusively for consumption by the owner of the livestock and members of the owner's household and the owner's nonpaying guests and employees, from the laws regulating meat processing, and removes the licensing requirement for custom slaughterhouses, which slaughter livestock for the exclusive use of another person and members of that person's household, nonpaying guests and employees. It also removes custom slaughterers and custom processors from a list of entities that are required to be licensed.

Committee Amendment "A" (S-272)

This amendment, which is the majority report of the committee, strikes and replaces the bill. The amendment authorizes the Commissioner of Agriculture, Conservation and Forestry to allow an animal that is a member of an amenable species, a term defined in the amendment, that is owned by a person to be slaughtered and processed at the home of another person that is registered to do so if that animal is not being offered for sale by the owner or by any other person. The amendment also adds registered establishments to slaughter establishments that may be periodically reviewed by inspectors to ensure that the laws and rules governing slaughter facilities are being followed. The majority report was not adopted.

Committee Amendment "B" (S-273)

This amendment, which is the minority report of the committee, strikes and replaces the bill. The amendment authorizes the Commissioner of Agriculture, Conservation and Forestry to allow an animal that is a member of an amenable species, a term defined in the amendment, that is owned by a person to be slaughtered and processed at the home of another person if that animal is not being offered for sale by the owner or by any other person. It differs from the majority report in that it does not require the person slaughtering and processing the animal to be registered as a custom slaughterer. The amendment also adds registered establishments to slaughter establishments that may be periodically reviewed by inspectors to ensure that the laws and rules governing slaughter facilities are being followed. The minority report was not adopted.
