FIRST REGULAR SESSION

## LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 126<sup>th</sup> Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

*CARRIED OVER* ..... carried over to a subsequent session of the Legislature  
*CON RES XXX*..... chapter # of constitutional resolution passed by both houses  
*CONF CMTE UNABLE TO AGREE*.....Committee of Conference unable to agree; legislation died

**LD 385**

**An Act To Improve Wind Energy Development Permitting**

**PUBLIC 325**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BEAVERS JACKSON T	OTP-AM OTP-AM	H-521

This bill improves the permitting process for wind energy development by providing for public comment and the opportunity for the public to request a hearing and by permitting an intervenor to request an adjudicatory proceeding. The bill provides that wind energy development constitutes a significant adverse effect on the natural environment if proposed in a fir-heartleaved birch subalpine forest natural vegetation community. The bill also requires that a wind energy permit must require best practical mitigation to reduce impacts on scenic, wildlife and other resources.

**Committee Amendment "A" (H-521)**

This amendment is the majority report and replaces the bill. The amendment modifies the permitting process for grid-scale wind energy developments by providing for public comment and the opportunity for the public to request a hearing and by permitting an intervenor to request an adjudicatory hearing. The amendment provides a rebuttable presumption that wind energy development constitutes a significant adverse effect on natural resources if proposed in a Bicknell's Thrush habitat 25 acres or larger in which Bicknell's Thrush have been documented. The amendment also requires that a grid-scale wind energy development permit application must contain options for best practical mitigation to reduce impacts on scenic or wildlife resources.

**Committee Amendment "B" (H-522)**

This amendment is the minority report and replaces the bill. It requires that wind energy must provide a tangible benefit of lower electricity rates for ratepayers in this State and adds a new definition of "cumulative scenic impact" to allow for rulemaking to address potential cumulative impacts related to multiple wind energy generating facilities. It changes the size of the area in which an analysis of visual impact must be undertaken from 3 and 8 miles as in current law to 8 and 15 miles. Additionally, it creates a rebuttable presumption of unreasonable adverse effect on the scenic character of an area if the generating facility is located within 15 miles of Acadia National Park, the Appalachian Trail, a federally designated wilderness area, Baxter State Park or the Allagash Wilderness Waterway.
