LD 401 An Act To Provide Local Sales Tax Increment Disbursements

**DIED IN
CONCURRENCE**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CHASE FLOOD	OTP-AM ONTP	H-166 S-338 HILL

This bill requires payments beginning in fiscal year 2016-17 to municipalities of an amount equal to 5% of the difference between the sales and use tax attributable to the municipality in a fiscal year and the comparable amounts for fiscal year 2015-16, referred to as the "local sales tax increment." If the amount of sales and use tax collected in a fiscal year in a municipality is below that collected in fiscal year 2015-16, then the municipality receives no payment. The amount received may not reduce any other state aid or revenue sharing received by that municipality, and the municipality must use the amount received to reduce property taxes by the same amount. The Unorganized Territory Education and Services Fund receives the same payment as municipalities and is subject to the same requirement to use the revenue to reduce property taxes.

Committee Amendment "A" (H-166)

This amendment requires the State Tax Assessor to determine the amount of the local sales tax increment based on available taxable retail sales data as derived from state sales tax collections excluding data reported in the categories of lodging and restaurants. The bill requires the State Tax Assessor to gather and maintain information that demonstrates the amount of revenue and the amount of local sales tax increment for each fiscal year that is attributable to each municipality and the unorganized territory. The amendment requires that the base year for determining the local sales tax increment be reset every 4 years. It clarifies that the municipality or fiscal administrator of the unorganized territory must use the local sales tax increment payments received to reduce property taxes. The amendment also adds an appropriations and allocations section.

Senate Amendment "A" To Committee Amendment "A" (S-338)

This amendment adds a mandate preamble.
