Joint Standing Committee on Taxation

to certify up to 5 eligible primary care professionals who have unpaid student loans and practice full time for at least 5 years in an underserved area for the primary care access credit in each taxable year beginning on January 1, 2013. These eligible dentists and primary care professionals may claim a credit, not to exceed \$12,000, for up to 5 years or until their student loans are paid in full, whichever comes first. The credit is nonrefundable.

Committee Amendment "A" (S-24)

This amendment eliminates the provision in the bill that extends the existing dental care access tax credit. It clarifies that in order to be eligible for the primary care access tax credit, the person's unpaid student loan must be owed to an institution for course work directly related to that person's training in primary care medicine. It adds an area with a medically underserved population to the definition of "underserved area." It creates a graduated schedule for claiming the credit allowing an eligible primary care professional to claim an amount equal to the annual payments made on the professional's student loan not to exceed \$6,000 in the first year, \$9,000 in the 2nd year, \$12,000 in the 3rd year, \$15,000 in the 4th year and \$18,000 in the 5th year.

This bill was committed to the Joint Standing Committee on Appropriations and Financial Affairs and carried over to any special or regular session of the 126th Legislature by joint order, H.P. 1145, as amended by H-B (H-580) and H-C (H-582).
