LD 447 An Act To Increase Patient Choice in Health Care Facilities and Health Care Settings

PUBLIC 214

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PATRICK BRIGGS	OTP-AM	S-122

This bill requires the disclosure of information to a patient who is being discharged from a hospital to a nursing facility, hospice provider or home health agency regarding the patient's health care options. It requires information sharing among physicians, nursing facilities, hospice providers, home health agencies and hospitals to facilitate this disclosure. It requires the information to include business connections among hospitals, nursing facilities, hospice providers and home health agencies and physicians. The bill also requires the Department of Health and Human Services to amend its rules on medical directors in nursing facilities to make the rules consistent with federal requirements and designates the rules as routine technical rules.

Committee Amendment "A" (S-122)

This amendment replaces the bill. The amendment adds hospital swing beds, acute rehabilitation care and hospice providers to the list of providers covered by the Maine Revised Statutes, Title 22, section 1831. The amendment requires distribution of a standardized list of licensed providers and physicians in the relevant settings and notice of patient rights and of how to contact the long-term care ombudsman program. The amendment requires the Department of Health and Human Services to amend its rules on medical directors in nursing facilities to include among the responsibilities of the medical director ongoing guidance in the development and implementation of resident care policies, including review and revision of existing policies. The amended rules must require that the facility, including a facility that is corporately owned, be able to show that its development, review and approval of resident care policies or procedures include the opportunity for the medical director's input.
