PUBLIC 582

Sponsor(s)	<u>Committee Report</u>	Amendments Adopted
SANDERSON HAMPER	OTP-AM	Н-837

In the First Regular Session of the 126th Legislature, this bill was referred to and reported out of the Joint Standing Committee on Health and Human Services. It was placed on the Special Appropriations Table, removed from the table, committed to the Joint Standing Committee on Appropriations and Financial Affairs and carried over to a Special or Regular Session.

This bill provides that, to align treatment of long-term care providers with other government contractors and typical private transactions, MaineCare depreciation recapture from sellers of nursing facilities and residential care facilities does not apply to any sales on or after July 1, 2012.

Committee Amendment "B" (H-837)

This amendment provides a new methodology under the MaineCare program for calculating recapture of depreciation upon the sale of a nursing facility. The amendment requires the Department of Health and Human Services to apply for a state plan amendment to enable the use of the new methodology and makes the effective date of the provision of law that establishes the new methodology contingent upon the approval of the state plan amendment by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services. The amendment also provides a new methodology for recapturing depreciation upon the sale of residential care facilities for which reimbursement for room and board costs, including depreciation, is provided by the Department of Health and Human Services. The methodology is similar to the methodology used for nursing facilities.
