pumps and extend the length of the pilot period, allows more flexibility in the manner in which incentives are provided to customers and clarifies that nothing in the legislation related to the pilot program is intended to limit any currently existing authority of the Public Utilities Commission to establish special rates with respect to customers participating in the pilot program, as long as the costs of the pilot program are recovered only from customers participating in the program.

The committee incorporated the concepts presented in this amendment into LD 1559, An Act to Reduce Energy Costs, Increase Energy Efficiency, Promote Electric System Reliability and Protect the Environment.

**LD 774      Resolve, Regarding a Fire and Police Protocols Pilot Program for E-9-1-1 Call Processing      ONTP**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
HOBBS CLEVELAND	ONTP	

This resolve gives the Public Utilities Commission the authority to conduct pilot programs at public safety answering points to examine the benefits of and resources needed to implement a statewide fire and police protocols program for E-9-1-1 call processing in the State's public safety answering points. The resolve also requires the Public Utilities Commission to submit a report to the joint standing committee of the Legislature having jurisdiction over utility matters by December 31, 2014 regarding any pilot program conducted. The resolve also authorizes the joint standing committee of the Legislature having jurisdiction over utility matters to submit a bill to the First Regular Session of the 127th Legislature.

The committee voted this bill ought-not-to-pass. It sent a letter to the Public Utilities Commission asking for more information on the proposed pilot program and stated that it intends to consider the pilot program in the context of the other bills related to E-9-1-1 and Public Safety Answering Points that the committee voted to carry-over to any special or regular session of the 126th Legislature. Please see LD 196, An Act Regarding the Implementation of the Quality Assurance Program for Public Safety Answering Points and LD 275 Resolve, To Require the Emergency Services Communication Bureau to Expand the Existing Quality Assurance Program for more information.
