FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 126th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

Joint Standing Committee on Energy, Utilities and Technology

**Resolve, To Enhance Economic Development by Encouraging
Businesses Adjacent to Electric Power Generators To Obtain Power
Directly**

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CAMPBELL R TUTTLE		

This resolve is a concept draft pursuant to Joint Rule 208.

This resolve proposes to establish a stakeholder group to identify barriers to and incentives for the direct purchase of electricity by businesses adjacent to electricity-generating facilities, with the intent that the direct purchase of the electricity will decrease total electricity costs to the businesses. The stakeholder group may be chaired by a representative of the Public Utilities Commission, the Office of the Public Advocate or the Governor's Energy Office. Stakeholders may include representatives from the Public Utilities Commission, the Office of the Public Advocate, the Governor's Energy Office, the Department of Economic and Community Development, municipalities, business associations, transmission and distribution utilities, electricity generators and up to two Legislators appointed by the presiding officers. Other than the two Legislators appointed by the presiding officers, the members of the stakeholder group may be appointed by the Public Utilities Commission, the Office of the Public Advocate or the Governor's Energy Office.

The stakeholder group would examine the effects of exit fees, limitations on authority to construct electric transmission lines and the need for backup service from transmission and distribution utilities on the ability of a business to purchase electricity directly from an electricity-generating facility adjacent to the business's property. Additionally, the stakeholder group may consider the feasibility of designating businesses located adjacent to electricity-generating facilities as Pine Tree Development Zone businesses, regardless of the type of business, in order to encourage development in those locations so that the businesses may take advantage of the benefits provided in the Maine Revised Statutes, Title 35-A, section 3210-E. The stakeholder group would be required to report to the Joint Standing Committee on Energy, Utilities and Technology by January 15, 2014 the findings and recommendations of the stakeholder group, including any suggested legislation. The committee would be authorized to report out a bill relating to the report to the Second Regular Session of the 126th Legislature.

This bill was carried over to any special or regular session of the 126th Legislature by joint order, H.P. 1145, as amended by H-B (H-580) and H-C (H-582).

The committee sent a letter to the Public Utilities Commission requesting a report on the progress of a rate design case planned to be initiated at the commission during the interim. That case may affect this policy. The committee requested that the report be submitted by December 10, 2013 and that the report include any information that might be relevant to the committee's consideration of LD 796, especially any changes to rate design standards that may incentivize the direct purchase of electricity by a business from an adjacent electricity generator. The committee is also expressed interest in information relating to any changes in the way that stand-by fees are levied.
