Joint Standing Committee on Insurance and Financial Services

establish a process for taking public comments at selected board meetings.

2. It adds one consumer member to the board and clarifies that that member may not be associated with or formerly associated with the medical profession, a hospital, an insurer or an insurance producer.

3. It suspends the authority of the association to collect assessments or provide reinsurance and reimbursement during the period in which the federal transitional reinsurance program is operating in this State and also requires that the association submit an amended plan of operation to the Superintendent of Insurance to address the operations of the association, the treatment of funds held by the association during the suspension period, the reactivation of the association and any necessary plan for distribution of any surplus funds not required for such purposes. It also requires the Superintendent of Insurance to allow a period of public comment on the amended plan of operation before it is approved by the superintendent.

4. It directs the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters to evaluate the transitional reinsurance program operating in the State from January 1, 2014 until December 31, 2016 under federal law. Before January 1, 2016, the committee is required to make a recommendation to the Legislature as to whether the Maine Guaranteed Access Reinsurance Association should resume operations and whether statutory changes should be made. The committee may submit a bill based on its recommendations to the Second Regular Session of the 127th Legislature.

As permitted by the federal Patient Protection and Affordable Care Act, this bill requires health insurance carriers to use only one rating area based on geography within the State when establishing rates for individual and small group health plans issued or renewed on or after January 1, 2014.

While LD 1176 was voted "Ought Not to Pass", a related substantive provision requiring health insurance carriers to use only one rating area based on geography as proposed in the bill was included in Committee Amendment "A" to LD 161, An Act to Restrict a Health Insurance Carrier to Rating on the Basis of One Geographic Area. See LD 161.
