LD 1246 An Act To Promote Greater Staffing Flexibility without Compromising Safety or Quality in Nursing Facilities ONTP

| STUCKEY CRAVEN | ONTP | |

Currently, nursing home staffing ratios are calculated based on individual 8-hour shifts. This bill requires the Department of Health and Human Services to adopt acuity-based staffing, calculated over a 24-hour period and tied to a quality and safety threshold established by federally gathered data relevant to resident harm. Nursing homes would still ultimately be required to staff according to residents' needs. The bill provides that changes to the licensing rules are major substantive rules.
