Joint Standing Committee on Labor, Commerce, Research and Economic Development

This amendment replaces the bill with a resolve that directs the Commissioner of Professional and Financial Regulation to convene a stakeholder group to review the proposed changes in federal and state safety and inspection regulations and rules governing sterile and nonsterile compounding pharmacies and identify any remaining gaps in the regulatory process that need to be addressed by state regulatory agencies in order to protect public health and safety. It directs the Commissioner of Professional and Financial Regulation to invite participation from the following stakeholders: the Department of Professional and Financial Regulation, Maine Board of Pharmacy; the division of licensing and regulatory services and the Maine Center for Disease Control and Prevention within the Department of Health and Human Services; and other interested parties from the medical and pharmaceutical communities. It also requires the Commissioner of Professional and Financial Regulation to submit a report on the study and authorizes the Joint Standing Committee on Labor, Commerce, Research and Economic Development to submit a bill to the Second Regular Session of the 126th Legislature related to the subject matter of the report.
