LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* contains summaries of all LDs and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 126th Maine Legislature.

The *Digest* is arranged alphabetically by committee and within each committee by Legislative Document (LD) number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each LD title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each LD is noted to the right of the LD title. The following describes the various final actions.

LD 1472

An Act To Provide for Economic Development with Offshore Wind Power and To Reduce Energy Costs, Increase Energy Efficiency, Promote Electric System Reliability and Protect the Environment

PUBLIC 378

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
KRUGER CAIN	OTP-AM	H-525 S-321 YOUNGBLOOD

This bill adds offshore wind energy developments and associated manufacturing as a targeted technology for support from the Maine Technology Institute.

This bill adds offshore wind energy developments and associated manufacturing as an eligible project to receive financial assistance from the Finance Authority of Maine.

This bill provides for a \$5,000,000 tax credit for ownership of offshore wind energy developments. This bill directs the Public Utilities Commission to implement a portfolio requirement that will guarantee the sale of any energy generated by an offshore wind energy development when the cost of that energy is substantially equal to market value.

This bill directs the Public Utilities Commission to identify specific criteria for issuing a certificate of public convenience and necessity for an offshore wind energy development and to submit a bill to the Second Regular Session of the 126th Legislature to establish the criteria in statute.

Committee Amendment "A" (H-525)

This amendment removes the portions of the bill related to the Maine Technology Institute, the renewable portfolio standard and tax credits. It authorizes the Public Utilities Commission to issue a second solicitation for deep-water offshore wind projects under the provisions of Public Law 2009, chapter 615 if the original recipient of the contract does not move forward in development for any reason.

Senate Amendment "D" To Committee Amendment "A" (S-321)

This amendment requires the Public Utilities Commission to conduct a second round of competitive solicitation for deep-water offshore wind energy pilot projects and provides that the University of Maine deep-water offshore wind energy pilot project is eligible to apply for designation as a pilot project. This amendment requires that, in order to be included in the review of proposals, such additional proposals must be received before September 1, 2013, and that the commission make every effort to finalize a contract.

Enacted Law Summary

Public Law 2013, chapter 378 explicitly states that offshore wind energy developments and associated manufacturing projects are eligible to receive financial assistance from the Finance Authority of Maine.

This public law requires the Public Utilities Commission to conduct a second round of competitive solicitation for deep-water offshore wind energy pilot projects and provides that the University of Maine deep-water offshore wind energy pilot project is eligible to apply for designation as a pilot project. This amendment requires that, in order to be included in the review of proposals, such additional proposals must be received before September 1, 2013, and that the commission make every effort to finalize a contract.
