Joint Standing Committee on Education and Cultural Affairs

Under current law, the University of Maine System, the Maine Community College System and the Maine Maritime Academy are required to report on the number of remedial courses taken by students from each school administrative unit in the subjects of English language arts and mathematics. This bill requires those institutions to report the cost to the students of those remedial courses, by school administrative unit, and requires the Commissioner of Education to reduce state subsidy to the school administrative units and to pay those funds to the higher education institution. Those higher education institutions are required to use the funds to reduce or eliminate the cost of remedial courses to their students and to report to the Commissioner of Education and the Legislature how those funds were used to achieve the reduction or elimination of costs.

**LD 1529 An Act To Expand School Choice for Maine Students ACCEPTED
MAJORITY
(ONTP) REPORT**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MASON G JOHNSON P	ONTP OTP-AM	

This bill expands the publicly funded educational choices available to Maine students in several ways. It allows colleges and universities to authorize public charter schools and removes the 10-school limit on public charter schools authorized by the Maine Charter School Commission. The bill also allows private sectarian schools to receive public funds as long as they comply with standards applicable to other private schools.

The bill allows funding to be used to enable economically disadvantaged students to take advantage of school choice options available under current law. The funds may be used to pay for transportation and tuition for students who transfer to other public or private schools and to pay for room and board costs of a student attending a public charter school that is beyond a reasonable commuting distance from the student's home. Currently, this funding may be used only for students enrolled in the Maine Academy of Natural Sciences, which is designated as the State's Center of Excellence for At-risk Students.
