### **An Act To Increase Safety for Victims of Domestic Violence and Victims of Sexual Assault**

**PUBLIC 478  
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CAIN HERBIG	OTP-AM	S-409

Current law limits the ability of bail commissioners to set preconviction bail in cases involving domestic violence; as a result, the period of time between the arrest and the setting of bail by a judge or justice for alleged perpetrators of domestic violence may be greater than it is with other crimes. In order to increase the safety of victims of domestic violence during the period between arrest and the setting of bail, this bill provides that a person is guilty of improper contact prior to the establishment of bail if, while being detained as a result of the person's arrest for specified domestic violence offenses and prior to the establishment of preconviction bail, the person intentionally or knowingly makes direct or indirect contact with the victim of the alleged crime.

Current law also requires that law enforcement officers use and be trained in how to administer an evidence-based domestic violence risk assessment. In order to increase the ability of Maine criminal justice agencies to use information gathered in the course of the risk assessment to keep victims and families safe, this bill permits those agencies to share confidential criminal history record information with advocates for the purpose of planning for the safety of a victim of domestic violence.

This bill also expands the definition of "advocate" to include an employee or volunteer of a Maine tribal program. Under this bill, an advocate who receives confidential criminal history record information must use the information solely for the purpose of planning for the safety of a victim of domestic violence and is prohibited from further disseminating the information.
