**LD 1676 An Act To Strengthen Disclosure about Provider Networks in Health  
Insurance Plans to Consumers and Providers**

**PUBLIC 535**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCGOWAN	OTP-AM OTP-AM	H-718

This bill amends the law regarding the access standards that health insurance carriers must meet to require that the standards address the geographic locations and distribution of health care providers and that carriers mitigate the detrimental impact associated with requiring members to travel longer distances to obtain health care services.

**Committee Amendment "A" (H-718)**

This amendment is the majority report of the committee and replaces the bill.

The amendment requires a health insurance carrier to disclose information about its provider networks, including whether there are any hospitals, health care facilities, physicians, or other providers not included in the provider's network, and any differences in an enrollee's financial responsibilities for payment of covered services to a participating provider and to a provider not included in a provider network. The amendment authorizes the Superintendent of Insurance to adopt rules setting forth the manner, content and required disclosure of the information and specifies that those rules are routine technical rules.
