**LD 1638 An Act To Improve Educational Outcomes for Students in Poverty in
Maine's Public Schools**

ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GRATWICK BERRY	ONTP	

This bill removes provisions that require the amount of a school administrative unit's state contribution to be reduced by the amount that school administrative unit receives in federal Title I funds. It removes references pertaining to the allocation of federal resources from the Essential Programs and Services Funding Act. It also allows the Department of Education to audit a school administrative unit that receives federal Title I funds to ensure that these funds are expended in compliance with federal law. It contains an appropriations section to provide funds to support the increase in the cost of providing essential programs and services to students in kindergarten to grade 12 as a result of the adjustment of federal Title I funds being removed from the calculation of teaching and other staff costs within the essential programs and services model.

**LD 1657 An Act To Ensure Equity in Teacher Retirement Costs for Private
Academies**

**PUBLIC 497
EMERGENCY**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LANGLEY NELSON	OTP-AM	S-416

This bill provides that, for the 2013-2014 school year only, the maximum allowable tuition charged to a school administrative unit by a private school that participates in the Maine Public Employees Retirement System must be increased above the amount otherwise permitted by an amount equal to 60% of the calculated normal cost of teacher retirement for that school divided by the number of enrolled students as of October 1, 2012. Current law allows this increase in the maximum allowable tuition for the 2013-2014 and 2014-2015 school years and allows the entire cost of teacher retirement to be recovered through the tuition increase. The bill also corrects a conflict that was created when two public laws amended the same provision of law.

Committee Amendment "A" (S-416)

This amendment provides that, for the 2013-2014 school year only, the maximum allowable tuition charged to a school administrative unit by a private school that participates in the Maine Public Employees Retirement System must be increased above the amount otherwise permitted by an amount equal to the calculated normal cost of teacher retirement for that school divided by the number of enrolled students as of October 1, 2012. The bill proposed to increase this amount by only 60% of the calculated normal cost of teacher retirement.
