OTP

This bill is reported out by the Joint Standing Committee on Environment and Natural Resources pursuant to Public Law 2013, chapter 221, section 3. It extends by one year and one month the implementation date for reformulated gasoline to be the only gasoline sold in seven southern counties in the State. It also requires the Department of Environmental Protection to study the feasibility of easing the multiple gasoline requirements in the State and achieving the use of a single type of gasoline for all of the State and to submit a report and implementing legislation directing the State to use a single type of gasoline to the joint standing committee of the Legislature having jurisdiction over environment and natural resources matters by January 30, 2015. The joint standing committee is authorized to report out a bill on the subject matter of the department's report to the First Regular Session of the 127th Legislature.

Enacted Law Summary

Public Law 2013, chapter 453 extends by one year and one month the implementation date for reformulated gasoline to be the only gasoline sold in seven southern counties in the State. It also requires the Department of Environmental Protection to study the feasibility of easing the multiple gasoline requirements in the State and achieving the use of a single type of gasoline for all of the State and to submit a report and implementing legislation directing the State to use a single type of gasoline to the joint standing committee of the Legislature having jurisdiction over environment and natural resources matters by January 30, 2015. The joint standing committee is authorized to report out a bill on the subject matter of the department's report to the First Regular Session of the 127th Legislature.

Public Law 2013, chapter 453 was enacted as an emergency measure effective March 6, 2014.

MCCABE

OTP-AM

H-766

This bill requires the Department of Environmental Protection to notify the joint standing committee of the Legislature having jurisdiction over natural resources matters of all federal relicensing deadlines for dams located in the State. The department shall notify the committee no later than 60 days before each deadline and present to the committee the department's plan to address each deadline.

Committee Amendment "A" (H-766)

This amendment replaces the original bill and directs the Department of Environmental Protection to, by January 15, 2015 and annually thereafter, submit to the joint standing committee of the Legislature having jurisdiction over natural resources matters a report describing all pending applications for water quality certification under Section 401 of the federal Clean Water Act for dams located in the State that are subject to the jurisdiction of the Federal Energy Regulatory Commission. The amendment further directs the department to include within the report certain information relating to pending applications as well as licensing or relicensing deadlines anticipated to occur within five years after the date of the report.
