PUBLIC 307

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
RUSSELL	OTP-AM	H-469

This bill regulates unmanned aerial vehicles, including their acquisition and lawful operation by law enforcement agencies. The bill requires approval of the acquisition of an unmanned aerial vehicle by the governing body overseeing the law enforcement agency. It prohibits a law enforcement agency from operating an unmanned aerial vehicle or collecting, disclosing or receiving information acquired through the operation of an unmanned aerial vehicle except pursuant to an emergency enforcement or administrative investigation exception, with the written consent of the person or property owner, pursuant to a warrant or pursuant to a court order. It permits the deployment of an unmanned aerial vehicle or any component parts by a manufacturer, subcontractor of a manufacturer, testing company or educational institution for the purposes of research, testing, training and manufacture of such vehicles. The bill also creates a private right of action against a law enforcement agency for violations of the provisions of the bill.

The bill includes a moratorium on all unmanned aerial vehicle use, with the exception of emergency enforcement situations, until July 1, 2017.
