<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>

LD 180 **An Act To Allow Terminally Ill Patients To Choose To Use Experimental Treatments** **CARRIED OVER**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LONGSTAFF BRAKEY		

This bill authorizes manufacturers of drugs, biological products and devices that have completed Phase I of a United States Food and Drug Administration-approved clinical trial but have not yet been approved for general use and remain under clinical investigation to make them available to eligible terminally ill patients. It does not require health insurers to provide coverage for the cost of such a drug, biological product or device but authorizes insurers to provide such coverage.

The bill prohibits licensing boards from revoking, refusing to renew or suspending the license of or taking any other action against a health care practitioner based solely on the practitioner's recommendation to an eligible patient regarding access to or treatment with such a drug, biological product or device. It also prohibits any official, employee or agent of the State from blocking or attempting to block access by an eligible patient to such a drug, biological product or device.

This bill was carried over to any special or regular session of the 127th Legislature by joint order, H.P. 992.
