LD 307 An Act To Amend the Shoreland Zoning Laws To Exempt Certain Walkways and Trails from Setback Requirements

PUBLIC 11

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DUTREMBLE FECTEAU	OTP-AM	S-6

This bill exempts the construction of a walkway or trail from certain water and wetland setback requirements if the walkway or trail will be adjacent to a segment of a river located within a downtown revitalization project and the walkway or trail meets other specified requirements.

Committee Amendment "A" (S-6)

This amendment changes the headnote to indicate that the exemption from setback requirements proposed in the bill is available only for walkways and trails over rivers within a downtown revitalization project. The amendment also extends the exemption to privately owned walkways or trails.

Enacted Law Summary

Public Law 2015, chapter 11 exempts the construction of a walkway or trail from certain water and wetland setback requirements if the walkway or trail will be adjacent to a segment of a river located within a downtown revitalization project and the walkway or trail meets other specified requirements.

LD 313 An Act To Create a Sustainable Solution to the Handling, Management and Disposal of Solid Waste in the State

CARRIED OVER

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
CAMPBELL R SAVIELLO		

This bill, which is a concept draft pursuant to Joint Rule 208, proposes to implement recommendations from the Department of Environmental Protection relating to solid waste handling, management and disposal issues identified in a letter dated March 24, 2014 to the department from the Joint Standing Committee on Environment and Natural Resources. Specifically, this bill would enact measures designed to:

1. Provide incentives for and encourage the increased use of methods of source reduction, reuse, recycling and composting as a means of achieving the state-mandated recycling goal of 50 percent under the Maine Revised Statutes, Title 38, section 2132, together with a method for accurately measuring future achievements toward that goal;
2. Achieve economic stabilization of the three existing waste-to-energy facilities in the State by January 1, 2016, with options for funding that stabilization;
3. Develop a plan to minimize the need for future expansion of landfill capacity in Maine, including state-owned landfills;
4. Identify additional strategies to increase the beneficial use of waste materials, particularly where there are potential economic benefits to be derived from these materials; and
5. Develop other components of an overall comprehensive implementation plan necessary and appropriate to better

Joint Standing Committee on Environment and Natural Resources

advance the goals of the State's solid waste management hierarchy under Title 38, section 2101.

This bill was carried over to any special or regular session of the 127th Legislature by joint order, H.P. 992.

LD 325 An Act To Strengthen Recycling of Single-use Plastic Shopping Bags

**Accepted Minority
(ONTP) Report**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
DEVIN JOHNSON	OTP-AM ONTP	

This bill requires a retailer to assess a 5¢ surcharge for a plastic bag designed for one-time use distributed to a customer at the point of retail sale. A retailer retains 2¢ from the surcharge for administrative costs. The revenues from the plastic bag surcharge are credited to the Plastics Recycling Fund administered by the Department of Environmental Protection for the purpose of promoting recycling efforts related to plastics. A retailer may provide recyclable paper bags to bag products at the point of sale. A retailer must provide reusable bags for purchase by a customer.

Committee Amendment "A" (H-83)

This amendment, which is the majority report of the committee, replaces the bill and changes the title. It prohibits a retailer from using plastic bags to bag products at the point of retail sale or otherwise make plastic bags available to customers, with exceptions for certain types of plastic bags. This prohibition is effective September 1, 2020. A retailer may provide recyclable paper bags to bag products at the point of sale and must provide reusable bags for purchase by a customer. The amendment also makes changes to existing law regarding retailer collection and recycling of used plastic bags to ensure consistency with the implementation of the plastic bag prohibition.
