The effective date for non-emergency legislation enacted in the First Regular Session of the 127th Legislature is October 15, 2015. The effective date for legislation enacted as an emergency measure may be found in the enacted law summary for that legislation.

Joint Standing Committee on State and Local Government

Committee Amendment "A" (H-69)

This amendment is the minority report of the committee. It changes the bill to a resolve and changes its title. It directs the Department of Administrative and Financial Services, Bureau of General Services to develop a process to include quantitative analysis as a required criterion in its evaluation of the total value of competitive bids for purchases and for public improvement contracts and of other competitively bid state contracts. It also directs the bureau to develop and submit recommendations and proposed legislation regarding the incorporation of quantitative analysis in its evaluation of competitive bids to the Joint Standing Committee on State and Local Government by December 15, 2015 and allows the committee to submit a bill to the Second Regular Session of the 127th Legislature.

LD 406 An Act To Increase the Salaries of the Governor and Legislators ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MARTIN J	ONTP	

This bill increases the Governor's salary in January of 2019 from \$70,000 per year to \$120,000 per year and increases legislative salaries in December of 2018 by the same percentage, from \$14,073.63 for the first year of the biennium and \$9,982.44 for the second year of the biennium to \$24,126.22 for the first year of the biennium and \$17,112.75 for the second year of the biennium.

LD 407 An Act To Buy American-made Products Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MARTIN J	OTP-AM ONTP	

This bill establishes the Maine Buy America Act and requires that all contracts for the construction, reconstruction, alteration, repair, improvement or maintenance of a public building or public work made by a state agency, board, commission or institution contain a provision that the manufactured goods, including iron and steel, used or supplied in the performance of the contract or any subcontract under the contract must be manufactured in the United States. This requirement does not apply to municipalities or school administrative units.

The bill requires that, in the case of a manufactured good other than an iron or steel product, all of the manufacturing processes take place in the United States and the origin of the manufactured good's components or subcomponents meet a minimum level of domestic content as established by rule.

Under the Act, a public agency may apply to the Governor or the Governor's designee for a waiver of the requirement if the executive head of the public agency finds that the application of the requirement would be inconsistent with the public interest, that the necessary manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality or that inclusion of manufactured goods made in the United States will increase the cost of the overall project contract by an unreasonable amount. The Department of Administrative and Financial Services is directed to develop rules regarding the Act, including rules to guide the waiver process and the process for public review and comment regarding requests for a waiver.

The bill requires that if the Department of Administrative and Financial Services has reason to believe that any person, business or other entity has intentionally made fraudulent representations about the domestic content of a manufactured good or has intentionally violated any provision of the Act, the department must, after a hearing,

Joint Standing Committee on State and Local Government

debar that person, business or other entity from contracts or subcontracts with the State for two years.

The bill provides that the provisions of this legislation must be applied in a manner consistent with the State's obligations under any applicable international agreements pertaining to government procurement.

LD 408 An Act To Help Municipalities Prepare for Changes in Sea Level

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
BLUME JOHNSON	OTP-AM ONTP	H-68

This bill requires that if a coastal municipality or multimunicipal region that includes a coastal municipality adopts a growth management program under the State's growth planning and land use laws, its comprehensive plan must include information on and a plan to address the impacts of changes in sea level on buildings, transportation infrastructure, sewage treatment facilities and other relevant municipal, multimunicipal or privately held infrastructure or property. This bill also amends the State's growth planning and land use laws to reflect that addressing the impacts of sea level rise is a state planning and regulatory goal. This bill amends the laws regarding the State's coastal management policies to reflect a new state policy of addressing and planning for the impacts of sea level rise.

Committee Amendment "A" (H-68)

This amendment, which is the majority report of the committee:

1. Removes the sections of the bill that require the inventory and analysis of a comprehensive plan under the growth management program for a coastal municipality or multimunicipal region to include projections regarding sea level rise and its potential impacts;
2. Removes the sections of the bill that require a coastal municipality or multimunicipal region that includes a coastal municipality to develop a coordinated plan for addressing the impacts of changes in sea level as a guideline for policy development and implementation strategies of a comprehensive plan within the growth management plan elements;
3. Provides that a coastal municipality or multimunicipal region that includes a coastal municipality may include projections regarding sea level change and its impacts in its comprehensive plan and may develop a coordinated plan for addressing impacts of changes in sea level;
4. Provides that "coastal municipality" means a municipality or township in the coastal zone as identified by the Department of Agriculture, Conservation and Forestry, Maine Coastal Program; and
5. Amends the bill to clarify that the assessment of and planning for impacts of changes in sea level, instead of sea level rise, are encouraged, instead of addressed, in coastal management policies when state, local and federal agencies responsible for regulating, planning, developing or managing coastal resources conduct activities affecting the coastal area.
