LD 435 An Act To Extend the Protection of Municipal Shellfish Conservation Programs

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GERZOFSKY	OTP-AM	S-40

This bill delays by two years the repeal of the provision of law that prohibits the harvesting of marine organisms within municipal predator control project areas, except for municipal removal of green crabs. The bill also extends by two years the municipal predator control pilot project within the Department of Marine Resources to evaluate the effectiveness of predator control strategies in increasing the survival rate of soft shell clams and marine worms.

Committee Amendment "A" (S-40)

This amendment enacts a provision of law with substantially the same language as a law that was repealed on February 28, 2015, which prohibited the harvesting of marine organisms within a municipal predator control project area, except for municipal removal of green crabs. The provision of law has a repeal date of November 1, 2016. The amendment provides that the Commissioner of Marine Resources may authorize an extension of predator control pilot projects begun by the towns of Freeport, Brunswick, Harpswell and West Bath in 2014, although the projects may continue only until November 1, 2016. The amendment requires towns with an extended predator control pilot project to report the results of the project to the Department of Marine Resources by January 31, 2017.
