Joint Standing Committee on Insurance and Financial Services

LD 384 Resolve, To Study the Design and Implementation of Options for a Veto Sustained
Universal Health Care Plan in the State That Is in Compliance with the
Federal Patient Protection and Affordable Care Act

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
GRATWICK TUCKER	OTP-AM ONTP	S-89

This resolve expresses the Legislature's intent that all Maine residents have access to and coverage for affordable, quality health care. The resolve requires the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters to solicit the services of one or more consultants to propose design options for creating a universal system of health care in the State. The resolve requires the consultant or consultants to submit a report by December 2, 2016 containing at least three design options that comply with the federal Patient Protection and Affordable Care Act.

The resolve includes a provision requiring the State Controller to transfer \$100,000 from the state innovation model grant received by the Department of Health and Human Services pursuant to the federal Patient Protection and Affordable Care Act on or before June 30, 2016 to fund the study required by the resolve. If funds exceeding \$100,000 are received from other public and private sources before December 1, 2016, the resolve requires that the money be transferred back to the Department of Health and Human Services.

Committee Amendment "A" (S-89)

This amendment is the majority report of the committee and replaces the resolve. As in the resolve, the amendment expresses the Legislature's intent that all Maine residents have access to and coverage for affordable, quality health care.

The amendment establishes the Independent Advisory Committee with 11 members to solicit and oversee the services of one or more consultants to propose design options for creating a universal system of health care in the State. The amendment requires the consultant or consultants to draft design options by August 1, 2018. Following a public comment period, the amendment requires the advisory committee to submit a final report proposing adoption of one of the design options to the joint standing committee of the Legislature having jurisdiction over insurance and financial services matters by December 5, 2018. The joint standing committee of the Legislature having jurisdiction over insurance and financial services matters may report out a bill based on the advisory committee's report to the First Regular Session of the 129th Legislature. Preliminary progress reports must be filed by the advisory committee by January 1, 2016 and January 1, 2017.

The amendment requires the Independent Advisory Committee to apply for and receive funds from public and private sources to support its activities up to a maximum amount of \$300,000.

The amendment also adds an appropriations and allocations section.
