Joint Standing Committee on Judiciary

This amendment clarifies that the exception to the definition of "public record" proposed in the bill is limited to records provided by a railroad company that describe hazardous materials that are transported by the railroad company, the routes of the hazardous materials shipments and the frequency of the hazardous materials operations on those routes when those records are in the possession of state or local emergency management entities or law enforcement agencies, fire departments or other first responders. The amendment also provides that "hazardous material" has the same definition as in 49 Code of Federal Regulations, Section 105.5.

In addition, this bill requires the State to reimburse out-of-pocket medical costs and costs to repair or replace personal property, such as broken eyeglasses, if the injury or damage occurs during the person's performance of services and within the person's scope of the duties of the court appointed special advocate.
