tasting at an agency liquor store must have successfully completed an alcohol server education course. The amendment also makes a technical correction to existing law governing licensed sales representatives.

### Enacted Law Summary

Public Law 2015, chapter 184 provides that a licensed sales representative may provide spirits for a taste testing at an agency liquor store. The agency liquor store must indicate that a sales representative will be providing the product and verify that the sales representative has successfully completed an alcohol server education course when it requests authorization to conduct a spirits tasting event. Spirits provided by a sales representative must be purchased at the regular retail price from the agency liquor store where the tasting will take place. Under the provision of law governing licensed sales representatives, chapter 184 adds the requirement that a sales representative who provides spirits for a consumer tasting at an agency liquor store must have successfully completed an alcohol server education course.
