ONTP

This bill allows a health care practitioner to disclose health care information to the parent or guardian of an individual with a mental health diagnosis who withholds consent because of the individual's compromised view of that individual's mental health. A health care practitioner is not liable for failing to make a disclosure if the practitioner determines in good faith that there is no serious or imminent threat and the disclosure would interfere with providing effective care.

TUCKER GRATWICK	ONTP

**LD 607      An Act To Stop the Abuse of Electronic Benefits Transfer Cards      Died Between Houses**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
PARRY COLLINS	OTP-AM OTP-AM ONTP	

This bill amends the provisions regarding electronic benefits transfer cards by providing that:

1. For a violation of trafficking an electronic benefits transfer card, the benefits are suspended one year for a first offense and at least five years for a second or subsequent offense, with the penalties doubled if the benefits recipient trafficked the card in exchange for illegal drugs;
2. If an electronic benefits transfer card is found in the possession of a person other than the recipient and the person is arrested and charged for a drug offense, it creates a rebuttable presumption that the recipient trafficked the card for drugs;
3. A replacement electronic benefits transfer card must have a photograph of the recipient on the card; and
4. The Department of Health and Human Services is directed to send a letter to all recipients of benefits under the statewide food supplement program of the amended penalty provision. The recipient is required to sign and return the letter acknowledging the recipient understood the letter.

**Committee Amendment "A" (H-245)**

This amendment, which is the majority report of the committee, strikes out the sections of the bill relating to rebuttable presumption and penalties for trafficking. It retains the requirement for a replacement electronic benefits transfer card to have a photograph of the recipient on the card. The amendment also changes the title.

**Committee Amendment "B" (H-246)**

This amendment, which is a minority report of the committee, replaces the bill. It requires that the Department of Health and Human Services adopt rules if it requires the photograph of a recipient of an electronic benefits transfer card be added to the card either at issuance or replacement. Rules to add a photograph to the card are major substantive rules.
